2. BASIS OF PREPARATION

2.1 *Accounting standards and system*

The consolidated financial statements of the Company are prepared by VND, accordance with the Vietnamese Enterprise Accounting System and Vietnam Accounting Standards issued by the Ministry of Finance as per:

- ▶ Decision No. 149/2001/QD-BTC dated 31 December 2001 on the Issuance and Promulgation of Four Vietnamese Standards on Accounting (Series 1);
- ▶ Decision No. 165/2002/QD-BTC dated 31 December 2002 on the Issuance and Promulgation of Six Vietnamese Standards on Accounting (Series 2);
- ▶ Decision No. 234/2003/QD-BTC dated 30 December 2003 on the Issuance and Promulgation of Six Vietnamese Standards on Accounting (Series 3);
- ▶ Decision No. 12/2005/QD-BTC dated 15 February 2005 on the Issuance and Promulgation of Six Vietnamese Standards on Accounting (Series 4); and
- ▶ Decision No. 100/2005/QD-BTC dated 28 December 2005 on the Issuance and Promulgation of Four Vietnamese Standards on Accounting (Series 5).

Accordingly, the consolidated financial statements and notes of the consolidated financial statements and their utilisation are not designed for those who are not informed Vietnam's accounting principles, procedures and practices and furthermore are not intended to present the financial position, and results of operations and cash flows in accordance with accounting principles and practices generally accepted in countries other than Vietnams.

2.2 *Applied accounting documentation system*

The Company's applied accounting documentation system is the General Journal system.

2.3 *Fiscal year*

The Company's fiscal year applicable for the preparation of its financial statements starts on January 1 and ends on December 31.

2.4 *Accounting currency*

The consolidated financial statements are prepared in VND which is also the Company's accounting currency.

2.5 *Basis of consolidation*

The consolidated financial statements comprise the financial statements of the parent company and its subsidiaries for the financial year ended December 31 2022.

Subsidiaries are fully consolidated from the date of acquisition, being the date on which the Group obtains control, and continued to be consolidated until the date that such control ceases.

The financial statements of the Parent company and its subsidiaries are prepared for the same reporting period as the parent company, using consistent accounting policies.

All intra-company balances, income and expenses and unrealised gains or losses resulting from intra-company transactions are eliminated in full.

Non-controlling interests represent the portion of profit or loss and net assets not held by the Group and are presented separately in the consolidated income statement and within equity in the consolidated balance sheet.

As at and for the 3-month financial period ended on March 31, 2023

2. BASIS OF PREPARATION (continued)

2.5 Basis of consolidation (continued)

Impact of change in the ownership interest of a subsidiary, without a loss of control, is recorded in undistributed earnings.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, cash at banks and short-term, highly liquid investments with an original maturity of less than three months that are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value.

3.2 Inventories

Industrial and residential real estate properties which have been developed for sale in the normal course of operations of the Group, not held for lease or capital appreciation, are recorded as inventory at the lower of cost incurred in bringing each product to its present location and condition, and net realisable value.

The cost of real estate properties for sale comprises expenses on land use fees, land rentals, land compensation and clearance costs, construction of road and drainage system, factories and other infrastructure costs, construction costs, capitalized borrowing cost, consultancy cost, design cost, etc. and other related costs.

Net realisable value represents the estimated selling price in the ordinary course of business less the estimated costs to complete and the estimated costs necessary to make the sale.

Cost of real estate sold is recognized in the consolidated statement of income on the basis of the direct costs constituting the property and amortized on the basis of the square footage corresponding property.

Provision for obsolete inventories

An inventory provision is created for the estimated loss arising due to the impairment of value (through diminution, damage, obsolescence, etc.) of raw materials, finished goods, and other inventories owned by the Group, based on appropriate evidence of impairment available at the consolidated balance sheet date.

Increases and decreases to the provision balance are recorded into the cost of goods sold account in the consolidated income statement.

3.3 Receivables

Receivables are presented in the consolidated financial statements at the carrying amounts due from customers and other debtors, after provision for doubtful debts.

The provision for doubtful debts represents amounts of outstanding receivables at the balance sheet date which are doubtful of being recovered. Increases and decreases to the provision balance are recorded as general and administrative expense in the consolidated income statements.

As at and for the 3-month financial period ended on March 31, 2023

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.4 *Tangible fixed assets*

Tangible fixed assets are stated at cost less accumulated depreciation.

The cost of a tangible fixed asset comprises of its purchase price and any directly attributable costs of bringing the tangible fixed asset to working condition for its intended use. Expenditures for additions, improvements and renewals are added to the carrying amount of the assets and expenditures for maintenance and repairs are charged to the consolidated income statement as incurred. When tangible fixed assets are sold or retired, any gain or loss resulting from their disposal is included in the consolidated income statement.

3.5 *Intangible fixed assets*

Intangible assets are stated at cost less accumulated amortisation.

The cost of an intangible asset comprises of its purchase price and any directly attributable costs of preparing the intangible fixed asset for its intended use. Expenditures for additions, improvements are added to the carrying amount of the assets and other expenditures are charged to the consolidated income statement as incurred. When intangible assets are sold or retired, any gain or loss resulting from their disposal is included in the consolidated income statement.

3.6 *Depreciation and amortisation*

Depreciation of tangible fixed assets and amortisation of intangible assets are calculated on a straight-line basis over the estimated useful life of each asset as follows:

Buildings and structures (including land and infrastructure development cost)	8 – 25 years
Machinery and equipment	4 – 8 years
Means of transportation	6 – 10 years
Office equipment	3 – 5 years

3.7 *Investment properties*

Investment properties are stated at cost including transaction costs less accumulated depreciation.

Subsequent expenditure relating to an investment property that has already been recognized is added to the net book value of the investment property when it is probable that future economic benefits, in excess of the originally assessed standard of performance of the existing investment property.

Depreciation and amortisation of investment properties are calculated on a straight-line basis over the estimated useful life of each asset as follows:

Factories	8 years
Land and Infrastructure development cost	40 years

Investment properties are derecognised in the consolidated balance sheet when either they have been disposed of or when the investment properties are permanently withdrawn from use and no future economic benefit is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the assets is recognised in the consolidated income statement in the period of retirement or disposal.

NOTE FOR CONSOLIDATED FINANCIAL STATEMENTS (continued)
As at and for the 3-month financial period ended on March 31, 2023

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.7 *Investment properties* (continued)

Transfers are made to investment properties when, and only when, there is a change in use, evidenced by ending of owner-occupation, commencement of an operating lease to another party or ending of construction or development. Transfers are made from investment properties when, and only when, there is change in use, evidenced by commencement of owner-occupation or commencement of development with a view to sale. The transfer from investment property to owner-occupied property or inventories does not change the cost or the carrying value of the property for subsequent accounting at the date of change in use.

3.8 *Borrowing costs*

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Borrowing costs are recorded as expense during the year in which they are incurred, except to the extent that they are capitalized as explained in the following paragraph.

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset that necessarily take a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset.

3.9 *Prepaid expenses*

Prepaid expenses are reported as short-term or long-term prepaid expenses on the consolidated balance sheet and amortised over the period in which economic benefits are generated in relation to these expenses.

The following types of expenses are recognized as prepaid long term expenses to amortize into the consolidated income statement:

- ▶ Prepaid rental expenses that are amortized over the prepaid lease term;
- ▶ Prepaid long term expenses that are amortized over the period from 1 to 3 years.

3.10 *Business combinations and goodwill*

Business combinations are accounted for using the purchase method. The cost of a business combination is measured as the fair value of assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange plus any costs directly attributable to the business combination. Identifiable assets and liabilities and contingent liabilities assumed in a business combination are measured initially at fair values at the date of business combination.

Goodwill acquired in a business combination is initially measured at cost being the excess of the cost the business combination over the Group's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities. If the cost of a business combination is less than the fair value of the net assets of the subsidiary acquired, the difference is recognized directly in the consolidated income statement. After initial recognition, goodwill is measured at cost less any accumulated amortization. Goodwill is amortized over 10-year period on a straight-line basis.

NOTE FOR CONSOLIDATED FINANCIAL STATEMENTS (continued)
As at and for the 3-month financial period ended on March 31, 2023

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.11 Investments

Investments in associates

The Group's investment in its associate is accounted for using the equity method of accounting. An associate is an entity in which the Group has significant influence that is neither subsidiaries nor joint ventures. The Group generally deems they have significant influence if they have over 20% of the voting rights.

Under the equity method, the investment is carried in the consolidated balance sheet at cost plus post acquisition changes in the Group's share of net assets of the associates. Goodwill arising on acquisition of the associate is included in the carrying amount of the investment. Goodwill is not amortised and subject to annual review for impairment. The consolidated income statement reflects the share of the post-acquisition results of operation of the associate.

The share of post-acquisition profit/(loss) of the associates is presented on face of the consolidated income statement and its share of post-acquisition movements in reserves is recognised in reserves. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. Dividend/profit sharing received or receivable from associates reduces the carrying amount of the investment.

The financial statements of the associates are prepared for the same reporting period and use the same accounting policies as the Group. Where necessary, adjustments are made to bring the accounting policies in line with those of the Group.

Held-for-trading securities and investments in other entities

Held-for-trading securities and investments in other entities are stated at their acquisition costs.

Provision for diminution in value of trading securities and contribution investments

Provision for diminution in value of trading securities and contribution investments at the balance sheet date are in accordance with Circular No. 228/2009/TT-BTC issued by Ministry of Finance, dated December 7, 2009 and Circular No 89/2013/TT-BTC issued by Ministry of Finance, dated June 26, 2013. Increase or decrease in the provision balance is charged to financial expense in the consolidated income statement.

Held-to-maturity investments

Held-to-maturity investments are stated at their acquisition costs. After initial recognition, held-to-maturity investments are measured at recoverable amount. Any impairment loss incurred is recognised as finance expense in the consolidated income statement and deducted against the value of such investments.

3.12 Payables and prepaid expenses

Payables and prepaid expenses are recognised for amounts to be paid in the future for goods and services received, whether or not billed to the Group.

NOTE FOR CONSOLIDATED FINANCIAL STATEMENTS (continued)
As at and for the 3-month financial period ended on March 31, 2023

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.13 *Accrual for severance pay*

The severance pay to employee is accrued at the end of each reporting period for all employees who have been in service for more than 12 months up to balance sheet date at the rate of one-half of the average monthly salary for each year of service up to 31 December 2008 in accordance with the Labour Code, the Law on Social Insurance and related implementing guidance. The average monthly salary used in this calculation will be revised at the end of each reporting period following the average monthly salary of the 6-month period up to the reporting date. Increase or decrease to the accrued amount other than actual payment to employee will be taken to the consolidated income statement.

This accrued severance pay is used to settle the termination allowance to be paid to employee upon termination of their labour contract following Article 48 of the Labour Code.

3.14 *Foreign currency transactions*

Transactions in currencies other than the Group's reporting currency (VND) are recorded at the actual transaction exchange rates at transaction dates which are determined as follows:

- ▶ Transactions resulting in receivables are recorded at the buying exchange rates of the commercial banks designated for collection;
- ▶ Transactions resulting in liabilities are recorded at the selling exchange rates of the commercial banks designated for payment;
- ▶ Capital contributions are recorded at the buying exchange rates of the commercial banks designated for capital contribution; and
- ▶ Payments for assets or expenses without liabilities initially being recognised is recorded at the buying exchange rates of the commercial banks that process these payments.

At the end of the year, monetary balances denominated in foreign currencies are translated at the actual transaction exchange rates at the consolidated balance sheet dates which are determined as follows:

- ▶ Monetary assets are translated at buying exchange rate of the commercial bank where the Group conducts transactions regularly; and
- ▶ Monetary liabilities are translated at selling exchange rate of the commercial bank where the Group conducts transactions regularly.

All foreign exchange differences incurred are taken to the consolidated income statement.

3.15 *Treasury shares*

Own equity instruments which are reacquired (treasury shares) are recognised at cost and deducted from equity. No gain or loss is recognised in profit or loss upon purchase, sale, issue or cancellation of the Group's own equity instruments.

3.16 *Appropriation of net profits*

Net profit after tax (excluding negative goodwill arising from a bargain purchase) is available for appropriation to shareholders after approval in the annual general meeting, and after making appropriation to reserve funds in accordance with the Company's Charter and Vietnamese regulatory requirements.

The Group maintains the following reserve funds which are appropriated from the Group's net profit as proposed by the Board of Directors and subject to approval by shareholders at the annual general meeting

NOTE FOR CONSOLIDATED FINANCIAL STATEMENTS (continued)
As at and for the 3-month financial period ended on March 31, 2023

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.16 Appropriation of net profits (continued)

Investment and development fund

This fund is set aside for use in the Group's expansion of its operation or of in-depth investment.

Bonus and welfare fund

This fund is set aside for the purpose of pecuniary rewarding and encouraging, common benefits and improvement of the employees' benefits, and presented as a liability on the consolidated balance sheet.

3.17 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, excluding trade discount, rebate and sales return. The following specific recognition criteria must also be met before revenue is recognised:

Long-term lease of land and infrastructure

Revenue is recognised when the Group has transferred significant risks and rewards associated with the land to the buyer and revenue can be reliably measured.

Real estate transfer

Revenue is recognised when the Group has transferred significant risks and rewards associated with the real estates' ownership to the buyer.

Sale of factories

Revenue is recognised when the Group has transferred significant risks and rewards associated with the factories to the buyer and revenue can be reliably measured.

Lease of factories

Revenue under operating lease of factories is recognised in the consolidated income statement on a straight-line basis over the lease term.

Rendering of services

Revenue is recognised when services have been provided to the customers and are determined by the net value after deducting discounts, value-added tax, and other deductions.

Gain from transfer of investment, trading of securities and capital

Gain from transfer of investment, trading of securities and capital is determined by the difference between the sale proceeds and cost of the securities and/or investment held by the Company. Gain is recorded on the trade date, which is when the contract becomes effective.

Interest

Revenue is recognised as the interest accrues (taking into account the effective yield on the asset) unless collectability is in doubt.

Dividends

Income is recognised when the Group's entitlement as an investor to receive the dividend is established.

NOTE FOR CONSOLIDATED FINANCIAL STATEMENTS (continued)
As at and for the 3-month financial period ended on March 31, 2023

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.18 *Cost of long-term lease of land and infrastructure*

Cost of sale related to long-term lease of land and infrastructure includes all direct costs that are attributable to the development of land and infrastructure and other overhead costs allocated on a reasonable basis to such activities including:

- ▶ All costs incurred for land and land development activities;
- ▶ All costs incurred for construction and construction related activities; and
- ▶ Mandatory and non-saleable costs associated to development activities that would be incurred on existing and future land and infrastructure of the project such as common infrastructure, mandatory land reserve for public facilities, etc.

3.19 *Tax*

Current income tax

Current income tax assets and liabilities for the current and prior year are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted as at the consolidated balance sheet date.

Current income tax is charged or credited to the consolidated income statement, except when it relates to items recognised directly to equity, in which case the current income tax is also dealt with in equity.

Current income tax assets and liabilities are offset when there is a legally enforceable right for the Group to off-set current tax assets against current tax liabilities and when the Group intends to settle its current tax assets and liabilities on a net basis.

Deferred tax

Deferred tax is provided using the liability method on temporary differences at the consolidated balance sheet date between the tax base of assets and liabilities and their carrying amount for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- ▶ where the deferred tax liability arises from the initial recognition of an asset or liability in a transaction which at the time of the related transaction affects neither the accounting profit nor taxable profit or loss; and
- ▶ in respect of taxable temporarily differences associated with investments in subsidiaries and associates, and interests in joint ventures where timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, carried forward unused tax credit and unused tax losses, to the extent that it is probable that taxable profit will be available against which deductible temporary differences, carried forward unused tax credit and unused tax losses can be utilised, except:

- ▶ where the deferred tax asset in respect of deductible temporary difference which arises from the initial recognition of an asset or liability which at the time of the related transaction, affects neither the accounting profit nor taxable profit or loss; and
- ▶ in respect of deductible temporarily differences associated with investments in subsidiaries, associates, and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

NOTE FOR CONSOLIDATED FINANCIAL STATEMENTS (continued)
As at and for the 3-month financial period ended on March 31, 2023

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.19 Tax (continued)

The carrying amount of deferred tax assets is reviewed at each consolidated balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Previously unrecognised deferred tax assets are re assessed at each consolidated balance sheet date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset realised or the liability is settled based on tax rates and tax laws that have been enacted at the consolidated balance sheet date.

Deferred tax is charged or credited to the consolidated income statement, except when it relates to items recognised directly to equity, in which case the deferred tax is also dealt with in the equity account.

Deferred tax assets and liabilities are offset when there is a legally enforceable right for the Group to offset current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority on:

- ▶ either the same taxable entity; or
- ▶ when the Group intends either settle current tax liabilities and assets on a net basis or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

3.20 Segment information

A segment is a component which can be separately identified in which the Group takes part in providing the sale of relevant goods or services (segment divided by business operation activities), or providing the sale of goods or services within a particular economic environment (segment divided by geographic regions), each of which is subject to risks and returns that are different from those of other segments. Real estate trading activities in Vietnam territory is the major activity to generate the revenue and profit for the Group. Thus, the Group's management assesses that the Group operates in only one business segment which is real estate business and in one geographic region which is Vietnam.

32. COMMITMENTS AND CONTINGENT LIABILITIES

32.1 Commitments related to real estate investments

Commitments related to obligations to the State:

- (i) According to Decision No. 1526/QD-CT dated 17 December 2003 and Decision No. 971/QD-UBND dated 15 July 2009 of the People's Committee of Bac Ninh Province on the allocation of land to the Company for project implementation to build Phuc Ninh new urban area, Bac Ninh town, Bac Ninh province. The company must pay land use levy, fees and charges as prescribed by law for the residential land plots, commercial land and public works assigned to use for the purpose of building Phuc Ninh New Urban Area. according to planning. Accordingly, the Company handed over 49.53 hectares in 2010, completed marking the land area of 47.2 hectares in 2013 with the People's Committee of Bac Ninh province and paid the amount of 175,735,431,000 VND for the use fee land according to Decision 2229/QD-CT of the People's Committee of Bac Ninh province dated 23 December 2004 approving the land use levy collection price (phase 1) and the notices on assignment of land use levy payment quotas of the Bac Ninh Province Tax Department. As at March 31, 2023, the Company is still in the process of working with People's Committee of Bac Ninh province for the remaining area of the project.
- (ii) From 2003 to 2014, the Company signed a number of land rental contracts with Bac Ninh Provincial People's Committee for the land area at Existing Que Vo Industrial Park and Expanded Que Vo Industrial Park, which is 2,268,388.8 m² and 2,234,012.9 m², respectively. According to the Official Letter No. 323/BTC-QLCS dated 12 January 2015 by the Ministry of Finance, the investment project on construction and operation of infrastructure of Que Vo Industrial Park is entitled to land rental exemption in 11 years from the date of project completion and put into operations. As at March 31, 2023, the Company is in process of working with the People's Committee of Bac Ninh province for the land area that were handed over in accordance with Land Law No. 45/2013/QH2013 dated July 1, 2014 issued by National Assembly, and Circular No 135/2016/ND-CP issued by the Government dated September 9, 2016, be effective from November 15, 2016 and regulations related to collect fees in use and lease land.
- (iii) On June 10, 2015, the Company signed a land lease contract to People's Committee of Bac Ninh province for 766,858.9 m² land that was handed over at Nam Son Hap Linh Industrial Park. As at March 31, 2023, the Company is still in process of working with the authorities to determined land fees payables of the Company.
- (iv) On March 20, 2013, the Department of Finance of Hochiminh City sent a notice to Nowest Saigon City Development Corporation ("SCD") on increasing land rental rate at Tan Phu Trung Industrial Park to 5,940 VND per squaremeter for the year of 2011 and 2012. However, Decision No 2093/QD-BTC dated November 23, 2011 and Circular No 16/2013/TT-BTC on removal of difficulties for enterprises, land rental rate from 2011 to 2014 would not exceed two times of that applicable for 2010. Therefore, the land rental rate from 2011 to 2014 was at 500 VND per square meter, equivalent to two times of 2010 land rental fee which was approved by Ho Chi Minh City People's Committee under the land lease contract No. 2516/HD-TNMT-QHSDD on 5 April 2007. At the same time, SCD sent the documentation on request to decrease land rental lease not exceed two times of the applicable for 2010. As at March 31, 2023, SCD is still in process of working with the People's Committee of Hochiminh City for above mentioned land area.
